

NITRO
COMMERCE

Redefining Affiliate Marketing

Nitro Commerce offers a complete solution for optimizing conversion rates and solving affiliate marketing challenges for you.

Hyper-fast loading landing pages designed to improve conversion rates significantly.

Challenges Faced by Brands and Affiliates

Brands

- **Scalability Problems:** Affiliate revenue scaling lacks a clear model.
- **Multiple partners** and an absence of a single platform lead to fragmentation.
- **Multiple affiliate scripts** are interfering with sales attribution, causing interruptions.

Affiliates

- Accurately **measuring sales income** is a challenging task.
- **Lack of Customization:** There aren't many ways to make affiliate marketing more unique.

Nitro's Innovative Solutions

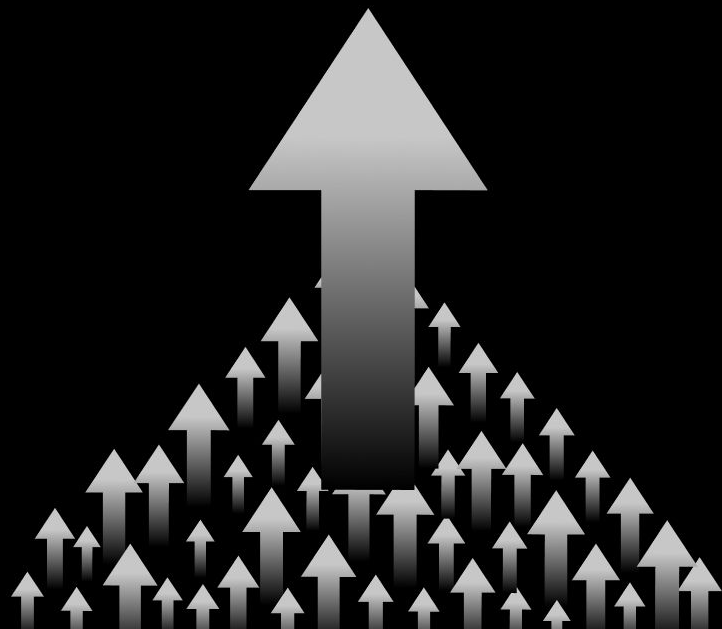

Core Features

- **Nitro Landing Pages:** Hyper-fast loading pages to boost conversion rates.
- **Top-selling Inventory:** Affiliates can choose from a curated selection of products.
- **Unique Dashboards:** Dedicated dashboards for tracking and customization.
- **Unified Platform:** Aggregates all affiliates and brands into a single solution.

Supporting Products

- **Nitro Collab:** Automates influencer marketing with an easy-to-use dashboard.
- **Nitro X:** Advanced & First in India, visitor identification technology.

Value Proposition

- Integrating a uniform platform with landing pages that load quickly.
- Reliable revenue distributions, smooth tracking, and accurate attribution.
- Offering affiliates more authority and customization choices.
- With us, you only need to deal with one person—we'll manage all your partners and handle any campaign inquiries on your behalf.

Unique Selling Points

- Direct Integration with brand's website.
- In-house platform minimizing the possibility of inconsistencies and inaccurate attribution.
- Complete Transparency of events.
- Comprehensive offerings including affiliates, cashback websites, coupon websites, scratch card inventories, etc.
- Revenue Generation: Acting as a revenue channel through affiliates and other methods.
- Lead and Traffic Generation: Enhancing brand awareness and increasing website traffic.
